Google Certificate Install

Instructions for MacOS

To use Google search or any of the Google apps on your device you need to download and install the Google Certificate.

These steps are **only required for personal devices** and not school owned devices.

1. Download the Certificate from https://cert.cranleigh.org

cert.cranleigh.org	Ċ	٦	<u></u> ث +	ſĊ	ŝ
			Download Certificate		

2.

- a. This will download a file called "contentkeeper-ca-2.cer".
- b. Double click to open the certificate file.
- c. This will open an application called "Keychain Access"

3. In Keychain, search for "contentkeeper"
